

# Minds in Motion®

A physical activity and brain stimulation program for people with dementia and their care partners.

## Give your mind and body a boost!

**Minds in Motion®** is a program that combines physical activity and mental and social stimulation for individuals with early to mid-stage Alzheimer's disease or other dementias, and their care partners. This program runs once a week for 8 weeks offers a great environment to establish new friendships with others who are living with similar experiences.
